About "Wild Kratts"

In its fourth season, "Wild Kratts" was created and developed by real-life brothers and zoologists Martin and Chris Kratt (both nominated for Daytime Emmy Awards for Outstanding Writing in a Children's Animated Series). "Wild Kratts" features the brothers on incredible expeditions to meet wild creatures from the far corners of the earth. They dive into the habitats of these unusual animals with the use of futuristic technology and Creature Powers Suits that allow the brothers to take their funny and exciting adventures to where they've never gone before. "Wild Kratts" has received numerous awards since its 2011 inception, including Parents Choice, Kidscreen, Aurora, and two Emmy nominations. The series is a co-production of The Kratt Brothers Company and 9 Story Entertainment.
